Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that.

Manufacturer's Name

Emergency Telephone Number

800-424-9300

Telephone Number for Information

(770) 381-2022

Date Prepared

24-Jul-97

Signature of Preparer (optional)

Hazardous Components (Specific Chemical Identity: Common Name(s))	OSHA PEL	ACGIH TLV	Other Limits Recommended	% (optional)
Cyclohexene, citrus terpenes 5989-27-5	Not estab.	Not estab.		
Alkylphenol ethoxylate, nonionic surfactant 9016-45-9				
Glycol ethers.				<0.01%
Residual ethylene oxide 75-21-8				<0.01%
Tetrasodium ethylenediaminetetraacetate 54-02-8				
Sodium hydroxide 1310-73-2				<0.01%

Boiling Point	100°C	Specific Gravity (H ₂ O = 1)	1.00 - 1.01
Vapor Pressure (mm Hg)	N/A	Melting Point	N/A
Vapor Density (AIR = 1)	N/A	Evaporation rate (Butyl Acetate = 1)	N/A
Solubility in Water			
Complete			
Appearance and Odor			
clear to white liquid with a distinct citrus smell			

Flash Point (Method Used)	Flammable Limits	LEL	UEL
Aqueous system		N/A	N/A
Extinguishing Media			
Aqua EZ Filter Cleaner is not flammable. Use water spray to cool fire-exposed containers.			
Special Firefighting Procedures			
If product is present in fire and threat of decomposition exists, wear self-contained breathing apparatus.			

Burning of dried material may release carbon dioxide, carbon monoxide, nitrogen oxides, aldehydes, acids and ketones

Section V - Reactivity Data

Stability	Unstable		Conditions to Avoid Avoid contact with strong oxidizing agents and excessive heat.
	Stable	X	

Incompatibility (Materials to Avoid)

Strong Oxidizing Agents.

Hazardous Decomposition or Byproducts

None known

Hazardous Polymerization	May Occur		Conditions to Avoid
	Will Not Occur	X	

Section VI - Health Hazard Data

Route(s) of Entry:	Inhalation?	Skin?	Ingestion?
	Yes	Yes	Yes

Health Hazards (Acute and Chronic)

Eye and skin irritant. Harmful if swallowed. Inhalation of mist may cause irritation to nose, throat and respiratory tract.

Eye contact can cause moderate to high irritation. Skin contact may cause redness and irritation. Contains a skin sensitizer.

Inhalation can cause nose, throat and respiratory irritation, coughing and headache. Ingestion may cause abdominal discomfort.

Carcinogenicity:	NTP?	IARC Monographs?	OSHA Regulated?
	No	No	No

Signs and Symptoms of Exposure

Headaches, nausea, respiratory irritation.

Medical Conditions

Generally Aggravated by Exposure Preexisting skin disorders or preexisting lung disorders.

Emergency and First Aid Procedure

Eyes, flush with water for 15 minutes. If irritation persists, call a physician. Skin, wash affected area with copious amounts of water.

If irritation develops, call a physician. Ingestion, do not induce vomiting. Rinse mouth and give 2 glasses of water. Never give anything by mouth to an unconscious victim. Inhalation, move victim to fresh air. If breathing stopped, give artificial respiration.

Section VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled

Use protective equipment and respiratory protection. Spills of this material are slippery. Spilled material should be absorbed onto inert

material such as dirt, sand or vermiculite and scooped up. Area should be flushed with water and scrubbed to remove residue. If

slipperiness remains, use sweeping compound. Do not hose spills down drains, sewers or water ways. Product may be toxic to fish.

Waste Disposal Method

Dispose of in accordance with all applicable Federal, State and local regulations.

Precautions to be Taken in Handling and Storage

Avoid contact with skin, eyes or clothing. Spills of this material are slippery. Keep out of reach of children.

Store in a cool, dry, well ventilated place.

Other Precautions

Section VIII - Control Measures

Respiratory Protection (Specify Type)

Ventilation	Local Exhaust	Special
	No special ventilation is required.	Other
	Mechanical (General)	No respiratory protection required.

Protective Gloves

For operations where skin contact can occur, wear impervious rubber or neoprene gloves.

Other Protective Clothing or Equipment

For operations where eye contact can occur, wear chemical, splash-proof goggles. No other protection required.

Work/Hygiene Practices

No special controls are necessary if good hygiene practices are strictly followed.
